We create chemistry

# Seclira® 40WSG

## General Insect Control

- 3rd Generation Neo-Nicotinoid
- Genuine Transfer Effect
- Odourless
- Non-Staining Solution
- Non-repellent
- Fast Knockdown on House Flies

We create chemistry

# Seclira® 40WSG

## General Insect Control

**Non-staining, Odourless, Broad spectrum, General insect control product for indoor and outdoor use.**

Seclira® 40WSG represents the latest significant innovation in general insecticide technology.

Seclira® 40WSG is the industry's first non-staining, odourless, broad spectrum, non-repellent general insect control product for indoor and outdoor use.

Seclira® 40WSG has been formulated into unique Soluble Granules which dissolve totally clear resulting in a non-staining solution which remains in suspension ensuring uniformity and consistency of application.

Seclira® 40WSG is formulated with a novel, non-repellent active ingredient, which provides fast knockdown characteristics exhibits BASF Genuine Transfer Effect technology resulting in unmatched performance.

Seclira® 40WSG is approved for use both inside and outside and controls a broad spectrum of pests including house flies, cockroaches and ants.

### Footnote:

Seclira® 40WSG will not stain surfaces that water alone does not stain. Dirt on surfaces may result in runoff and staining. Where staining is a concern-a test application is recommended

### Non-Repellent

- Undetectable to insects.
- Does not repel or flush out insects causing unfortunate sightings by customers.
- Does not scatter insects and spread the infestation.
- Able to use with baits for quicker pest control results.

## Fast Knockdown on House Flies

House Flies- % knockdown and % mortality (direct spray)

Source: BASF

## Genuine Transfer Effect

- Transfer effect on social insects such as cockroaches and ants.
- Due to its non-repellency, insects pick up Seclira® 40WSG unknowingly and spread to others.

## Directions for use :

To kill crawling and flying insects such as cockroaches, ants, house flies and mosquitoes inside animal farm, abattoir, animal products processing plant and animal feed factory.

PESTS	DOSAGE PER LITRE	SPRAY VOLUME PER 1M <sup>2</sup>	DIRECTIONS FOR USE
Cockroaches	6.5 g	50 ml	Spray along the corridors, corners and insect hiding area both indoor and outdoor.
House flies	5 g	40 ml	
Ants	2.6 g	40 ml
